

Report on One-Day Training Program on Plant-Based Natural Color Making

On 11th March 2025, the Department of Botany at Shri Vitthal Rukhmini Arts, Commerce, and Science College Sawana, Tq. Mahagaon, Dist. Yavatmal, organized a one-day training program on "Plant-Based Natural Color Making." This event aimed to promote awareness about sustainable and eco-friendly alternatives to synthetic dyes, which have harmful effects on the environment. The program was conducted with the objective of highlighting the potential of plant-based dyes in art, textiles, and other applications.

The training program was organized by Kunal Dhokne, who played a key role in ensuring the smooth execution of the event. Dr. Swati Tathod, the convener of the program, provided significant guidance and coordination. The event received a notable presence of experts and stakeholders in the field, with Prof. Surel Zod gracing the event as the chief guest. The program also witnessed participation from students, faculty, and members of the local community, all eager to learn about the fascinating process of creating colors from natural plant sources.

The session began with an introductory speech by Dr. Swati Tathod, where she outlined the importance of adopting sustainable practices in various fields and discussed the harmful environmental effects of synthetic dyes. She emphasized the potential of plant-based colors as a solution to the environmental crisis, as they are biodegradable and non-toxic. This introductory session set the stage for the hands-on training that followed.

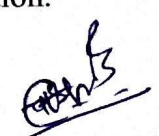

Prof. Surel Zod, the chief guest, spoke about the significance of preserving nature's resources and promoting eco-friendly practices. He encouraged the participants to explore traditional methods of color making using plants, an age-old art that has been gradually replaced by synthetic alternatives. He highlighted the growing global shift towards sustainable products and their increasing demand in industries ranging from textiles to cosmetics.

The practical session was the highlight of the event, where participants were taught how to extract colors from various plants like turmeric, hibiscus, indigo, and other local flora. The trainer demonstrated the step-by-step process of making natural dyes, including the preparation of plant materials, extraction, and application techniques. Students and attendees actively participated in the workshop, experimenting with different plant sources to create vibrant natural colors.

The IQAC Coordinator of the college, Prof. P.P. Jaiswal, also addressed the gathering and praised the efforts of the Department of Botany in organizing such a timely and informative program. He recognized the importance of incorporating sustainability into educational practices and appreciated the college's efforts to engage students in environmentally conscious activities.

The program concluded with a Q&A session, where participants had the opportunity to clarify their doubts and share their thoughts on incorporating plant-based colors into their respective fields of study. The event was a great success, offering valuable knowledge and hands-on experience to all involved. It not only raised awareness about the potential of plant-based dyes but also inspired a collective commitment to sustainability and environmental conservation.

Dr. Swati S. Tathod

In conclusion, the training program on plant-based natural color making was a well-executed and informative event. It provided participants with practical skills while fostering a greater appreciation for eco-friendly alternatives in color production. The collaboration between the faculty, experts, and students highlighted the college's commitment to promoting environmental awareness and sustainability in academic and practical pursuits. Report on One-Day Workshop on Mushroom Cultivation and Processing

Organized by the Department of Botany, Shri Vittal Rukhmini Arts, Commerce, and Science College. Date: 28 February 2025. On the occasion of National Science Day, the Department of Botany, Shri Vittal Rukhmini Arts, Commerce, and Science College, organized a one-day workshop on "Mushroom Cultivation and Processing" on 28 February 2025. The event aimed to provide hands-on knowledge about mushroom farming, its benefits, and processing techniques to students and faculty members.

The workshop was graced by the presence of esteemed chief guests, Mr. Keshav M. Kanwale and Ms. Akshya S. Sasane, representatives from Dream Social Multipurpose Organisation. Their expertise in the field of mushroom cultivation significantly enriched the learning experience for all attendees. The event witnessed an enthusiastic participation of 42 students from different streams along with 12 faculty members. The workshop was structured into multiple interactive sessions covering various aspects of mushroom cultivation, including:

Introduction to mushroom farming

1. Selection of mushroom varieties
2. Cultivation techniques and suitable environmental conditions
3. Pest and disease management
4. Post-harvest processing and value addition
5. Economic aspects and market opportunities

The workshop included both theoretical discussions and practical demonstrations, allowing participants to gain firsthand experience in mushroom farming techniques. The resource persons shared valuable insights and practical tips on setting up small-scale and commercial mushroom cultivation units. The workshop commenced with the preface delivered by Dr. Swati Tathod, Head department of Botany the convener of the event, who highlighted the significance of mushroom cultivation in sustainable agriculture and entrepreneurship. The session concluded with a vote of thanks by Mr. Kunal Dhokne, the organizing secretary, who expressed gratitude towards the resource persons, faculty members, and students for their active participation and contributions. The interactive nature of the workshop encouraged students to ask questions and clarify their doubts regarding mushroom cultivation. Faculty members also actively engaged in discussions, making the session more dynamic and informative. Overall, the workshop was highly informative and provided participants with essential knowledge and skills to explore mushroom cultivation as a viable entrepreneurial and research opportunity. It successfully aligned with the objectives of National Science Day by promoting scientific awareness and practical applications in agriculture and biotechnology.

श्री विठ्ठल रुक्मिणी महाविद्यालयात मशरूम शेती व प्रक्रिया कार्यशाळेचे आयोजन

विदर्भ मतदार प्रतिनिधी

पुसद: श्री शिवाजी शिक्षण संस्था पुसद द्वारा संचालित श्री विठ्ठल रुक्मिणी महाविद्यालय सवना येथे राष्ट्रीय विज्ञान दिनानिमित्त दिनांक २८ फेब्रुवारी २०२५ रोजी वनस्पतीशास्त्र विभागाच्या वतीने मशरूम शेती व प्रक्रिया या विषयावर एक दिवसीय कार्यशाळा आयोजित करण्यात आली. या कार्यशाळेचा उद्देश विद्यार्थ्यांना मशरूम लागवड, त्याचे फायदे व प्रक्रिया याबद्दल सखोल माहिती प्रदान करणे हा होता.

या कार्यशाळेस ड्रीम सोशल मल्टीपर्पज ऑर्गनायझेशन मधील मान्यवर प्रमुख अतिथी केशव एम. कणवले आणि सौ. अक्षया एस. ससाणे यांनी मार्गदर्शन केले.

मशरूम शेतीच्या क्षेत्रातील त्यांचा अनुभव व तज्ज्ञ मार्गदर्शन विद्यार्थ्यांसाठी अतिशय उपयुक्त ठरले. कार्यशाळेत ४२ विविध शाखांतील

विद्यार्थी आणि १२ प्राध्यापक सदस्य यांनी सहभाग घेतला. या कार्यशाळेत पुढील विषयांचा समावेश करण्यात आला. मशरूम शेतीची ओळख, मशरूमच्या विविध प्रजाती आणि त्यांची निवड, मशरूम लागवडीच्या तंत्रज्ञान व योग्य हवामान परिस्थिती, कीड व रोग व्यवस्थापन मशरूमची कापणी, प्रक्रिया आणि मूल्यवर्धन, आर्थिक पैलू आणि बाजारपेठेतील संधी कार्यशाळेत सैद्धांतिक चर्चेबरोबरच प्रात्यक्षिक सत्राचेही आयोजन करण्यात आले होते, ज्यामुळे उपस्थितांना प्रत्यक्ष मशरूम लागवडीच्या पद्धती शिकता आल्या. तज्ज्ञ मार्गदर्शकांनी लघु आणि व्यावसायिक स्तरावर मशरूम लागवड करण्यासाठी आवश्यक तंत्रे आणि महत्त्वाच्या बाबी समजावून सांगितल्या.

कार्यशाळेची सुरुवात डॉ. स्वाती ताथोड (आयोजक) यांनी प्रस्ताविक

देऊन केली. त्यांनी मशरूम शेतीच्या कृषी व उद्योजकीय दृष्टिकोनावर प्रकाश टाकला. त्यानंतर, कार्यशाळेच्या शेवटी कुणाल ढोकणे (आयोजक सचिव) यांनी आभार प्रदर्शन करून कार्यशाळेचा समारोप केला. कार्यशाळेतील संवादात्मक सत्रांमुळे विद्यार्थ्यांनी उत्स्फूर्तपणे प्रश्न विचारले आणि आपले शंका निरसन केले. प्राध्यापकांनी देखील चर्चेत सक्रीय सहभाग घेतल्याने कार्यशाळा अधिक माहितीपूर्ण व उत्साहवर्धक ठरली. सर्वसाधारणपणे ही कार्यशाळा अत्यंत उपयुक्त ठरली आणि उपस्थितांना मशरूम शेतीचे मूलभूत ज्ञान तसेच व्यावसायिक संधींचा अभ्यास करण्यासाठी एक महत्त्वपूर्ण व्यासपीठ मिळाले. या कार्यशाळेच्या माध्यमातून राष्ट्रीय विज्ञान दिनाच्या उद्दिष्टांची पूर्तता झाली आणि कृषी तसेच जैवतंत्रज्ञान क्षेत्रातील वैज्ञानिक जाणीव निर्माण झाली.

Report

World Food Day-17th Oct- 2022

On account of World Food Day 17th Oct 2022, botany department of Shri. Vitthal Rukhmini Arts , commerce and science college Sawana , Tq. Mahagaon , Dist. Yavatmal in collaboration with botany department of M.S.P Arts, Science and K.P.T Commerce College, Manora Dist-Washim Organized national level "Seminar competition". The honourable principal Dr. N. S. Thakare sir chaired the competition. Dr. Swati Tathod assistance professor & HOD botany from VRC Sawana & Dr. M. Nafees Iqbal sir HOD botany were convenor for this competition. Prof. Kunal Dhokane, Prof. Shivdas Aher & Prof. Snehal Dhawale organised program. Honourable principal Dr. N.S. Thakare sir delivered informative lecture on 'Our Actions are our future' which coincidentally happens to be the theme set by FAO for this year. He explained how food security gets compromised because of various factors that may directly or indirectly be the result of human actions. For this competition Dr.Sopan Ingole sir, Dr. Kajalkar sir worked hard as juries. Total 40 students were participates in this competition from different colleges. Based on the overall performance at the seminar 3participants were selected by Jury members the winner's name are as follow

- 1)Ku. Pragati P. Kale -Shri. Vitthal Rukhmini Arts , commerce and science college Sawana
- 2)Ku. Nandini M. Gulhane- M.S.P Arts, Science and K.P.T Commerce College, Manora
- 3)Ku. Vaishnavi Alladwar- Shri. Vitthal Rukhmini Arts , commerce and science college Sawana.

Certificates of appreciations to all 3 winners as well as all participant those enthusiastically participated in competition were distributed. Prof. Shivdas Aher sir smoothly conducted the programm & Prof. Snehal Dhawale proposed vote of thanks. Dr. Sharda Padghane madam, Dr. Kajalkar Sir, Dr. Seema Keshwani Madam helped to carried out programm successfully.

Subject: Seeking permission for Botanical Tour.

Respected sir,

I am writing this letter to seek your permission for the visit at your industry based in Gunj on the 18th of December 2021. I would like to share that we have planned this industry visit department of Botany for our B.Sc students in order to give them an insight about the way things work in the real life scenario and students also can learned about the distillation process.

There would be ३ students accompanied by a faculty member from our college. The visit is aimed at enhancing their knowledge. We intend to take a round of the entire industry and show the tasks handled in different departments to our students.

I hope you will allow us the opportunity to visit your industry and meet your skilled staff. I anticipate a positive response from your end.
